**REMARKS**

Applicant requests that claim 24 be changed to change the word "in" to be "for" in the second line from the bottom. Applicant feels that Figure 7 shows that the stack pointer 260A is not provided in the stack memory itself, as currently recited in claim 24 and that the correct description should be that the correct description should be "... and for updating said stack pointe for said stack memory ....." and considers that this claim language is a clerical error.

Should the Examiner find the application to be other than in condition for continuing processing for allowance, the Examiner is requested to contact the undersigned at the local telephone number listed below to discuss any other changes deemed necessary in a telephonic or personal interview.

The Commissioner is hereby authorized to charge any deficiency in fees or to credit any overpayment in fees to Attorney's Deposit Account No. 50-0481.

Respectfully Submitted,
